PROFILE ME

I am an ambitious, career-focused job seeker, eager to obtain a Ui/ux Design position to help launch a career while achieving company goals. As a User Experience Designer, my main focus is to create meaningful experiences through design with web and mobile designing. I have experience as an Architect, giving me a strong eye for detail and multidisciplinary design skills. In addition to this, I am highly organized, creative, and have a passion for creating user-friendly, intuitive, and aesthetically pleasing digital experiences. I am confident that my background and skillset make me an ideal candidate for the position.

EDUCATION

GOOGLE UX DESIGN PROFESSIONAL CERTIFICATE 2022
Coursera

BACHELOR'S IN ARCHITECTURE 2011-2016
School of Architecture, Vadodara design Academy, India.

EXPERIENCE

SENIOR DESIGNER
ALAP KAMDAR ARCHITECT FIRM, AHMEDABAD, INDIA.
Nov 2017- July 2022

- Role: Senior Architect and interior designer.
- Delivered on-time, under-budget project design completion from conception through construction by overseeing programming, schematic and design development phases.
- Innovative design creation by drafting detailed structural drawings to specify dimensions and vital project materials.
- Implemented corrective action and client changes by drafting reports and memos to consultants and vendors to issue changes and track resolutions.
- Mitigated regulatory risks by partnering with staff and builders to ensure proper design standards and protocols adherence.
- Reduced pre-production design errors by meticulously organizing specification set-up, drawing coordination and building design partnership (BPD) research and usage.
- Coordinated contractor reviews as well as shop drawing and sample submissions.
- Diminished process lags by training 10 technicians on best practices while managing architects, engineering contractors, CAD technicians, interns and clients throughout contract document phases on multiple projects.

INTERNSHIP

TOR-ARCH ARCHITECTS, AHMEDABAD, INDIA.
Aug 2016- Mar 2017

- Assisted in routine research, investigations and special projects to support work of assigned department.
- Took accurate site measurements to support building planning stages.
- Helped prepare mock-ups and submit for approval.
- Maintained and organized blueprint files.
- Prepared building specifications based on local regulations and codes.
- Thoroughly researched materials and structures while collaborating with vendors to find solutions.

- Collaborated with inspectors, building contractors and district personnel.
- Drafted detailed drawings of structures, specifying dimensions and materials needed.
- Created oral and written presentations for project designs and proposals.
- Created 3D or interactive structure designs using computer-aided design applications.
- Conducted on-site visits to construction sites to monitor plan compliance.
